BMX
AUSTRALIA

BMX Australia has a reciprocal agreement with BMX New Zealand which allows any rider with a current BMX New Zealand licence to enter an event in Australia (excluding National Championships as per UCI regulations).

BMX Australia has created an “International” level membership for New Zealand riders, and you can now obtain a BMXA membership number, renewable annually and access to enter our events.

All international riders competing in BMX Australia events are strongly encouraged to obtain their own travel insurance from their country of origin which includes coverage for BMX training and competition in Australia.

When taking out your BMX Australia membership, you understand and acknowledge you DO NOT receive insurance coverage under BMX Australia’s Membership insurance policy. This coverage is for Australian citizens and passport holders only.
